

TALK BOX.MOM

Talk in a foreign language with your family!

Dear Education Specialist,

I would love it if you added TalkBox.Mom to our approved curriculum list!

I want to purchase this curriculum ASAP because they help families to start talking in a foreign language the same day they start, and we want to actually use the foreign language we are learning!

TalkBox.Mom has language books and subscription boxes that take families deeper into the language through immersion, and they can be delivered monthly, every two months, or quarterly.

They already set up their subscriptions to work for purchase orders: they fit into the school year and can be for a finite amount of time.

You can see more about this curriculum on their website:

<https://talkbox.mom/shop-talkbox/>

You can also see how it works with purchase orders at this link:

<https://talkbox.mom/charter-schools/>

TalkBox.Mom helps thousands of homeschoolers and is an approved vendor at charter schools across the USA.

Please contact Kirsten@talkbox.mom or call 972-685-2970 to begin the enrollment process.

Thank you!!!

Sincerely,
